**DATE:** June 27, 2017

**PHONE NUMBER:** (925) 325-3868

### FOR IMMEDIATE RELEASE

#### **Construction to Begin on Byron Highway at Camino Diablo Intersection in Byron**

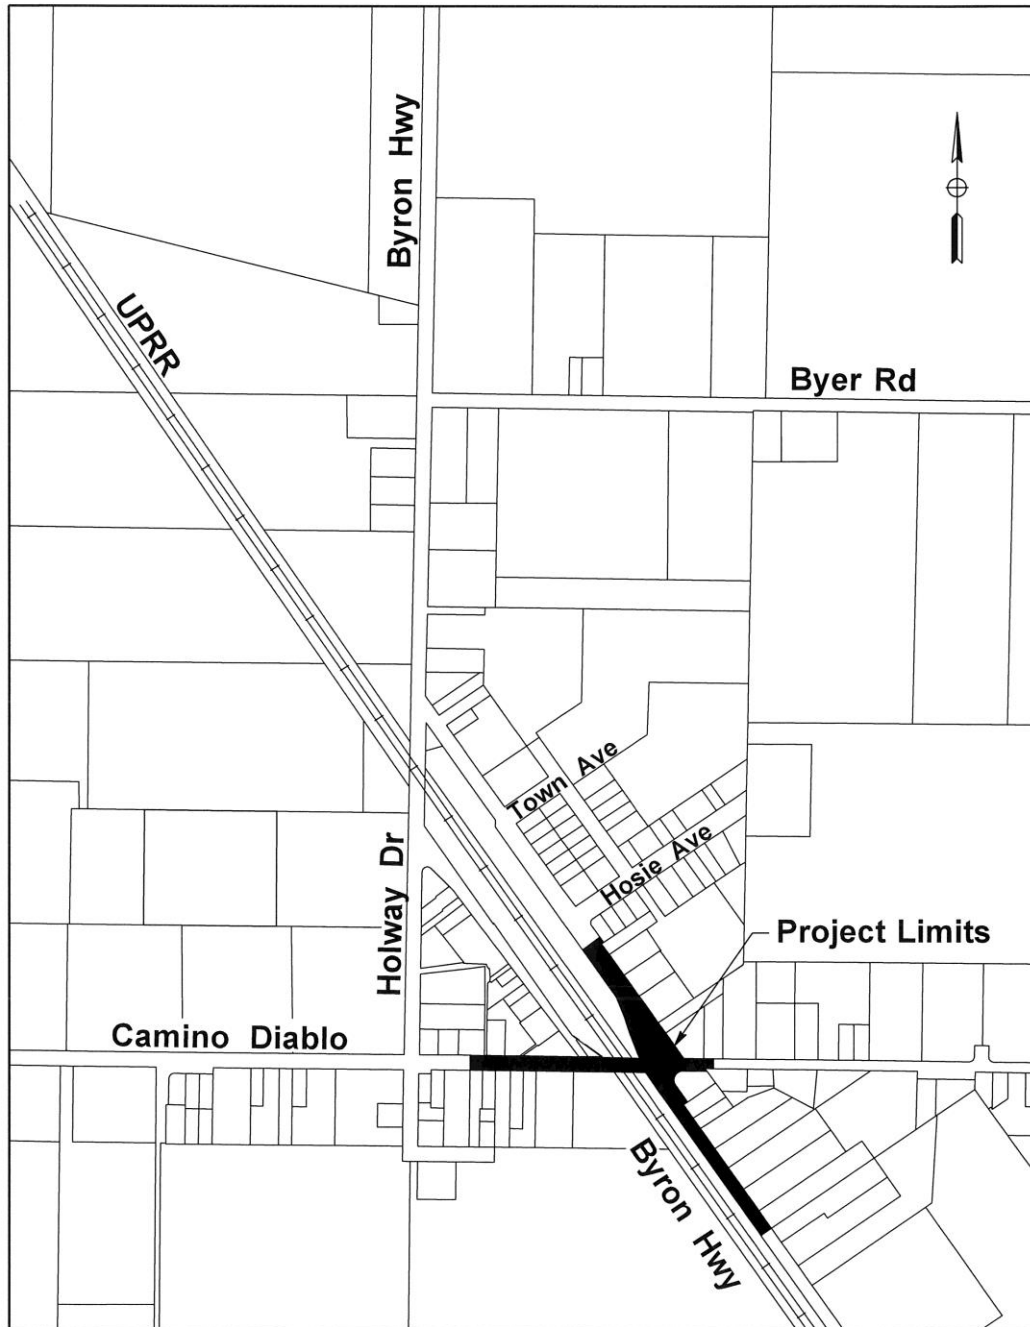

The Contra Costa County Board of Supervisors awarded the Byron Highway and Camino Diablo Intersection Improvement Project to Graniterock Company. The project will widen roadway pavement to provide shoulders and left turn lanes on Byron Highway and eastbound Camino Diablo. The project will also install a traffic signal, sidewalk and ADA compliant curb ramps along the north side of Camino Diablo to Main Street and will upgrade the railroad crossing on Camino Diablo. The project will be constructed in phases and will include a road closure of Camino Diablo between Main Street and Byron Highway. Drivers can expect traffic delays due to construction. The project is funded by Federal Highway Safety Improvement Funds, Traffic Mitigation Funds, and Local Road Funds. Work will begin on or about July 10th, with completion expected by the end of November. For project updates, visit the Public Works website at: <http://www.cccounty.us/pwdmap>.
