

CONTRA COSTA

*One County - limitless options
for advanced technologies, including UAVs*

Center of the Northern California Mega-Region

- One hour to San Francisco, Silicon Valley and Sacramento, with easy access to Fresno and beyond.
- Two county owned airports serve the region; daily service from Concord to Burbank and Las Vegas, with hangar/warehouse space and development opportunities available at both.
- 40%+ of Contra Costa adults have a bachelor's degree or higher; ongoing human capital investments in workforce training.
- Expedited local approval of commercial drone operations; testing opportunities at the Byron airport in a rural environment.
- Contra Costa is comfortable with innovative technologies in our daily environments – the County is home to GoMentum Station, a public-private partnership that is the largest U.S. testing site for autonomous vehicle technology.
